

**FROZEN SEMEN SALES AGREEMENT**

**This agreement applies to Mares located in Alberta, BC, Manitoba, PEI, Quebec and Saskatchewan ( GST only)**

This agreement is made for the 2018 breeding season by and between W. Charlot Farms Limited c/o Augustin Walch (hereinafter "The Stallion Owner") and \_\_\_\_\_ (hereinafter "The Mare Owner"), for \_\_\_\_\_ (mare).

1.) The Stallion Owner hereby agrees to sell the Mare Owner frozen semen of the stallion Rio Grande

2.) The Mare Owner hereby agrees to pay the fee of

\$ 1,050.00 (incl. GST) per straw for a total of \_\_\_\_\_ straws and \$ \_\_\_\_\_.

3.) Semen will be shipped by Stallion Owner via FedEx upon receipt of payment for semen plus tank rental, handling and shipping fee of \$ 210.00 for each shipment. Mare Owner agrees to return shipping container, air freight prepaid via FedEx, promptly within 48 hours of receipt of each shipment. There will be an additional fee of \$ 25.00 per day on late return of container. Please note that Stallion Owner has only a limited number of frozen semen shipping containers. Shipments will be made on a "first come, first serve" basis. We strongly recommend arranging shipments well in advance of breeding date. Please arrange for transfer of frozen semen to a liquid nitrogen container nearby (available at your vet's clinic or can be rented from a cattle AI centre). Frozen semen can be stored in a shipping container for a maximum of five days only.

Should frozen semen tank not be returned to stallion owner within 5 business days after it has been shipped out, stallion owner will charge mare owner's credit card with cost of semen tank or \$ 750.00 such that stallion owner can replace tank and service other clients.

4.) Mare Owner warrants that said Mare is in sound breeding condition as determined by a qualified veterinarian. Mare Owner agrees that Mare will be bred by Veterinarian with considerable experience in frozen semen artificial equine reproduction who has access to a veterinary ultrasound machine.

5.) Should said mare not be in foal after insemination with frozen semen, mare owner can "upgrade" to a life foal guarantee contract with fresh cooled semen of the stallion "Viva Voltaire or Diamo Blue" at a fee of \$ 525.00 (includes cost of first shipment and collection and GST) upon receipt of veterinarian certificate confirming that mare has been inseminated with frozen semen of Rio Grande and is not in foal. Additional shipments of cooled semen of Viva Voltaire or Diamo Blue will be made after receipt of i) \$ 367.50 to cover collection and shipping costs including HST and ii) receipt of veterinary certificate confirming that said mare was inseminated with cooled semen of Viva Voltaire or Diamo Blue and is not in foal. Terms and conditions of stallion owner's cooled semen sales agreement as posted on stallion owner's website will apply.

6.) This agreement is binding upon the parties herein and reflects the entirety of their agreement. Both parties acknowledge that there is NO life foal guarantee unless contract is upgraded as per paragraph 5 above and that stallion owner is NOT required to release additional straws of the stallion Rio Grande to the mare owner.
